Jermyn Street London

Czech & Speake Cuba Cologne in the perfect travel size

Going away on business trip, for the weekend or on a longer break? No need to leave your favourite Czech & Speake fragrance behind thanks to the new **Cuba Cologne for the Traveller Set**.

Czech & Speake introduces a stylishly presented and practical 15ml version of its sophisticated and distinctive **Cuba** fragrance. The individual pocket sized bottles are perfect for slipping into your handbag, wash bag, gym bag or briefcase and are ideal for freshening up during a long haul flight. The **Cuba** travel size version consists of 4 x 15ml cologne pump spray bottles and their unique size means you can easily add a single cologne bottle within your hand luggage liquid allowance at any airport check-in.
Featuring the brand's signature red glass bottles and eye catching graphics, the Traveller Set works equally well for personal use or as a luxurious and memorable gift.

A favourite with men and women, Czech & Speake's **Cuba** cologne is vibrant, sensuous and complex, with top notes of bergamot, lime, peppermint and rum. Spicy middle notes of rose, clove, bay and tonka bean form the heart of the fragrance, whilst the base contains an enduring and rich note of tobacco, mixed with frankincense, cedar wood and vetiver. Like the island itself, this warm, enchanting and full of character scent leaves a lasting impression.
