No.88 Shaving Set & Stand

Czech & Speake are renowned for design, attention to detail and quality of their luxurious and sophisticated shaving accessories and our stylish new **No.88 Shaving Set & Stand** is a fitting addition.

The sleek matte black anodised aluminium stand is elegantly curved and whilst classic in concept, the minimalist feel means it will look stunning in contemporary as well traditional bathrooms, shower and wet-rooms.

The stand holds a perfectly weighted razor with interchangeable mach three™ blade and finest quality badger hair shaving brush, suspended above a distinctive embossed black aluminium soap dish. The triple milled shaving soap, suitable for all skin types is handmade using the purest essential oils and is lightly scented with our signature **No.88** cologne. The unique design of the shaving dish allows the moisture to drain away whilst the close fitting lid keeps the soap fresh and longer lasting.

The Czech & Speake **No.88 Shaving Set** is practical, robust and impeccably stylish and will be enjoyed by men of all ages. It's a unique and memorable gift for someone special or for that ultimate individual indulgence and enhanced shaving experience. **Price: £295**
